

Protection and Restoration of the Environment XV

Protection and Restoration of the Environment XV

July 7-10, 2020, Kalamata, Greece

<http://www.preXV.civil.upatras.gr>

First announcement and call for papers

“Protection and Restoration of the Environment” is a well-known series of international conferences, which started in 1992. Since then they have been organized jointly by one American and one Greek University every two years. In 2020, the fifteenth Conference of the series, will take place in Kalamata, Greece. Organizers are the Stevens Center for

Environmental Engineering, Stevens Institute of Technology, USA, and the Laboratories of Environmental Engineering and Hydraulic Engineering, Department of Civil Engineering, University of Patras, Greece.

Main Topics

- Agricultural practices and environment
- Air quality and contamination control
- Climate change impacts and adaptation measures
- Cultural and social issues
- Environmental issues in:
 - education
 - fluid mechanics
 - health & ecotoxicology
 - impact assessment and risk analysis
 - Informatics
 - law & economics
 - river basins
 - statistics
- Modelling transport and fate of pollutants in the environment
- Natural treatment systems
- Protection and restoration of ecosystems
- Protection and restoration of coastal zone and open sea waters
- River & open channel hydraulics
- Rural and urban hydrology
- Sediment transport and erosion control
- Smart environmental systems
- Soft and renewable energy sources
- Solid waste management
- Sustainable architecture, planning and development
- Waste minimization and pollution prevention
- Wastewater treatment and management
- Water governance and conflict resolution for sustainable development
- Water resources management and contamination control

Important deadlines

- Abstract submission: Monday October 14, 2019
- Provisional acceptance of abstracts: Thursday October 31, 2019
- Full paper submission: Monday January 20, 2020
- Response with review comments/acceptance: Monday February 24, 2020
- Final paper submission: Monday March 23, 2020
